

EAT LOCAL.

In 1985, a 40-acre parcel of land just outside Northfield went up for sale. With an eye for the retail potential of the location, Robert Harvey arranged the purchase and planted an orchard. **Fireside Orchard and Gardens** was born.

The operation offers over 20 apple varieties during the course of a season. The philosophy of **Fireside Orchard and Gardens** is to be more than just a store offering quality and value.
