

EAT LOCAL.

The Zywiecs began their business in 1975 by buying and leasing land in Cottage Grove. With a history of vegetable farming in the family, the tradition would continue and include the involvement of four children as the **Joe Zywiec Vegetable Farm**.

This is the Zywiec's 73rd year in the sweet corn business—the farm's main crop. The family is very proud of the long-standing operation and strives to maintain a tradition of exceptional service and quality.
